ABOUT US

FORCA Pipes is a trusted Indian manufacturer of durable and precision-engineered piping systems. With a legacy of many years, we cater to the growing demands of infrastructure developers, plumbing contractors, and industrial clients with a wide range of pipes in PVC, uPVC, CPVC, SWR, and agriculture-grade pressure pipes.

Our pipes are manufactured in adherence to ISI and other international standards. From water distribution and drainage to industrial and agricultural use, our solutions are designed to perform in diverse environments – offering strength, chemical resistance, and long-term durability.
